To Whom it May Concern,

We would like to sincerely apologize to our neighbors and all that have been negatively affected by our decision to allow RVs for Mountain Valley Pipeline workers on our property on Alean Road. Our desire has always been to treat our neighbors with utmost respect and ensure that what we do on our property has minimal or no negative impact to them. We made a quick decision to allow this without looking deeper into the situation and it was bad judgement on our part. We do not seek to be a part of anything that is detrimental to our agricultural community and we have no desire to create conflict among the community that we grew up in and that has supported our farms for many years.

We are working today to let the RV Owners know they are no longer allowed to stay on our property. Our plan is to have them removed today or as soon as physically possible, but we ask for your patience and understanding as we work through this with respect for all.

Please pass this along to your fellow concerned citizens as we do not have a web presence to do so ourselves.

Respectfully,

Brandon Montgomery
